

# **C-51 Reservoir Partnership Study MOU**

***SFWMD Governing Board Meeting***

***Presented by Dean Powell, SFWMD***

***April 14, 2011***

***sfwmd.gov***

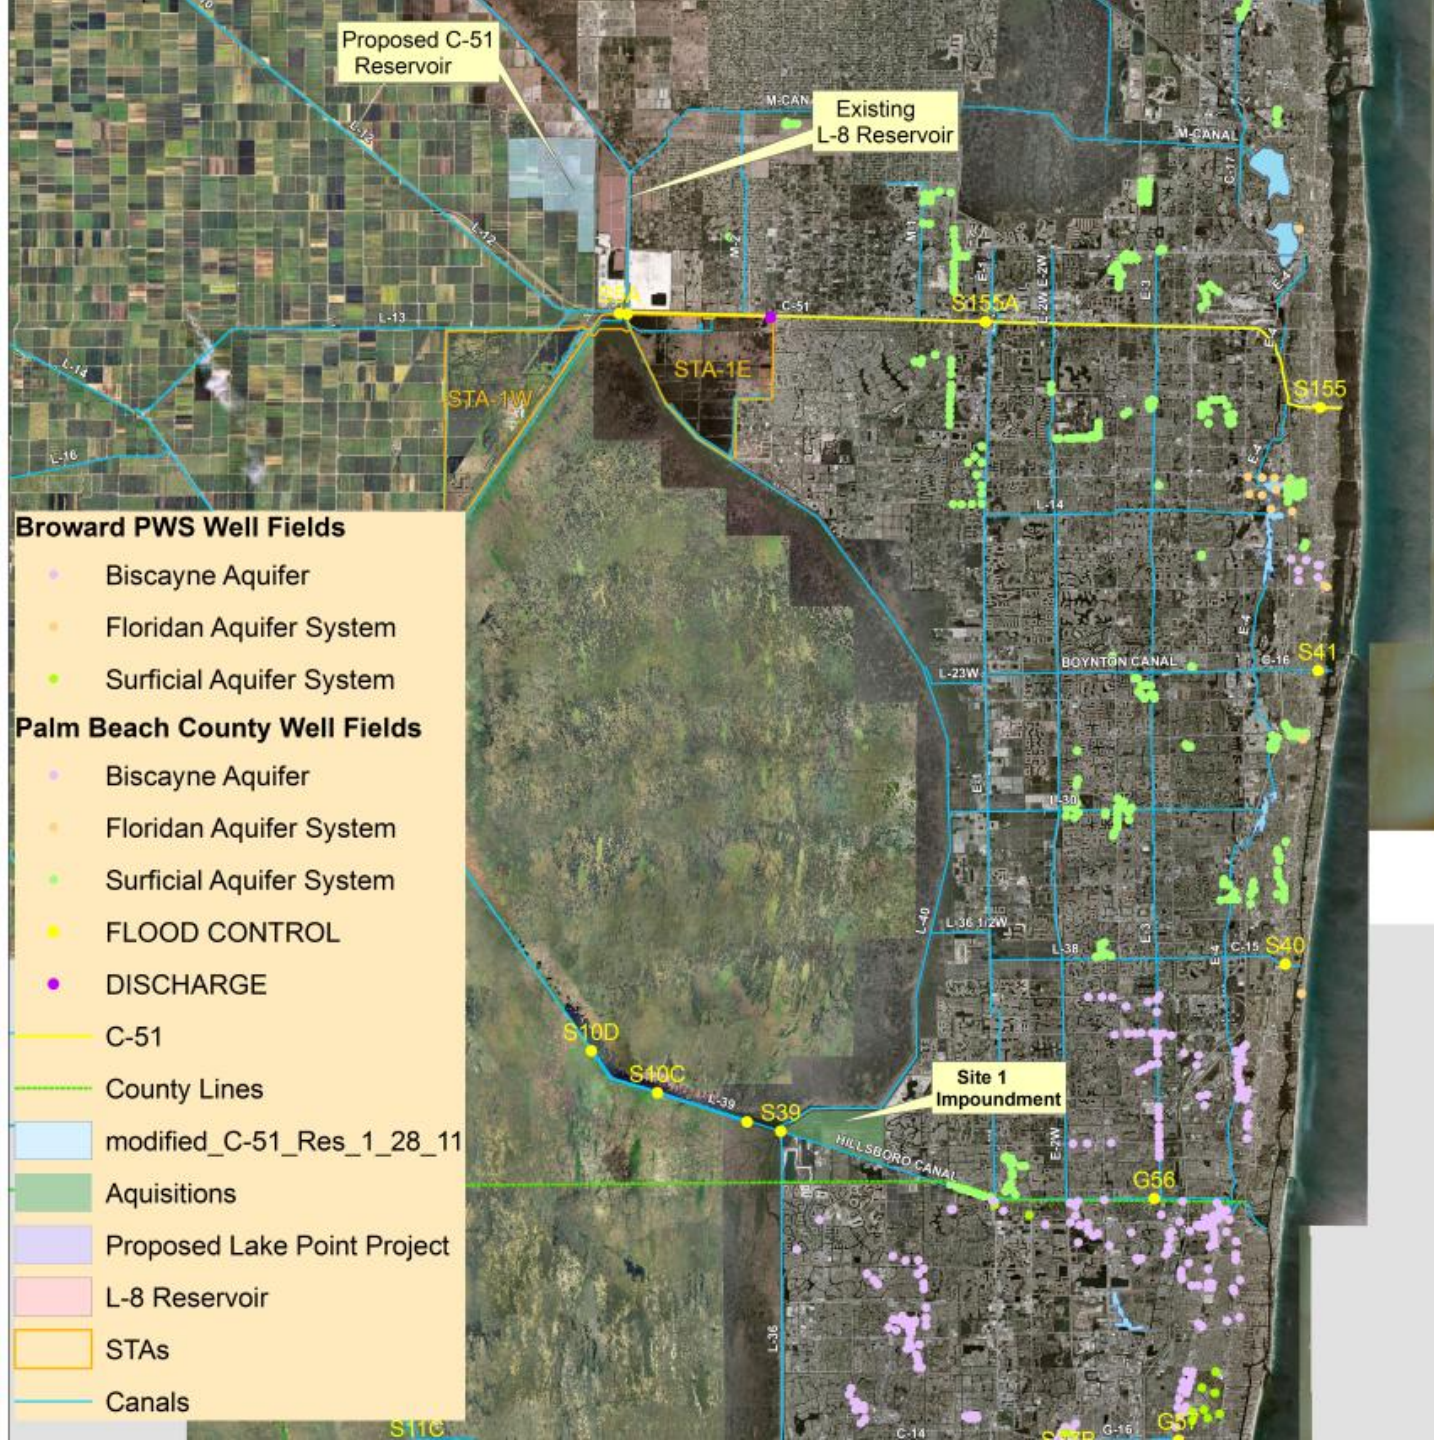

# Project Concept

- Capture excess surface water currently being discharged to the Lake Worth Lagoon from C-51 canal
- Store water for public water supply, environmental restoration needs of the Everglades and other beneficial uses
- Limit damaging impacts of discharges to Lake Worth Lagoon

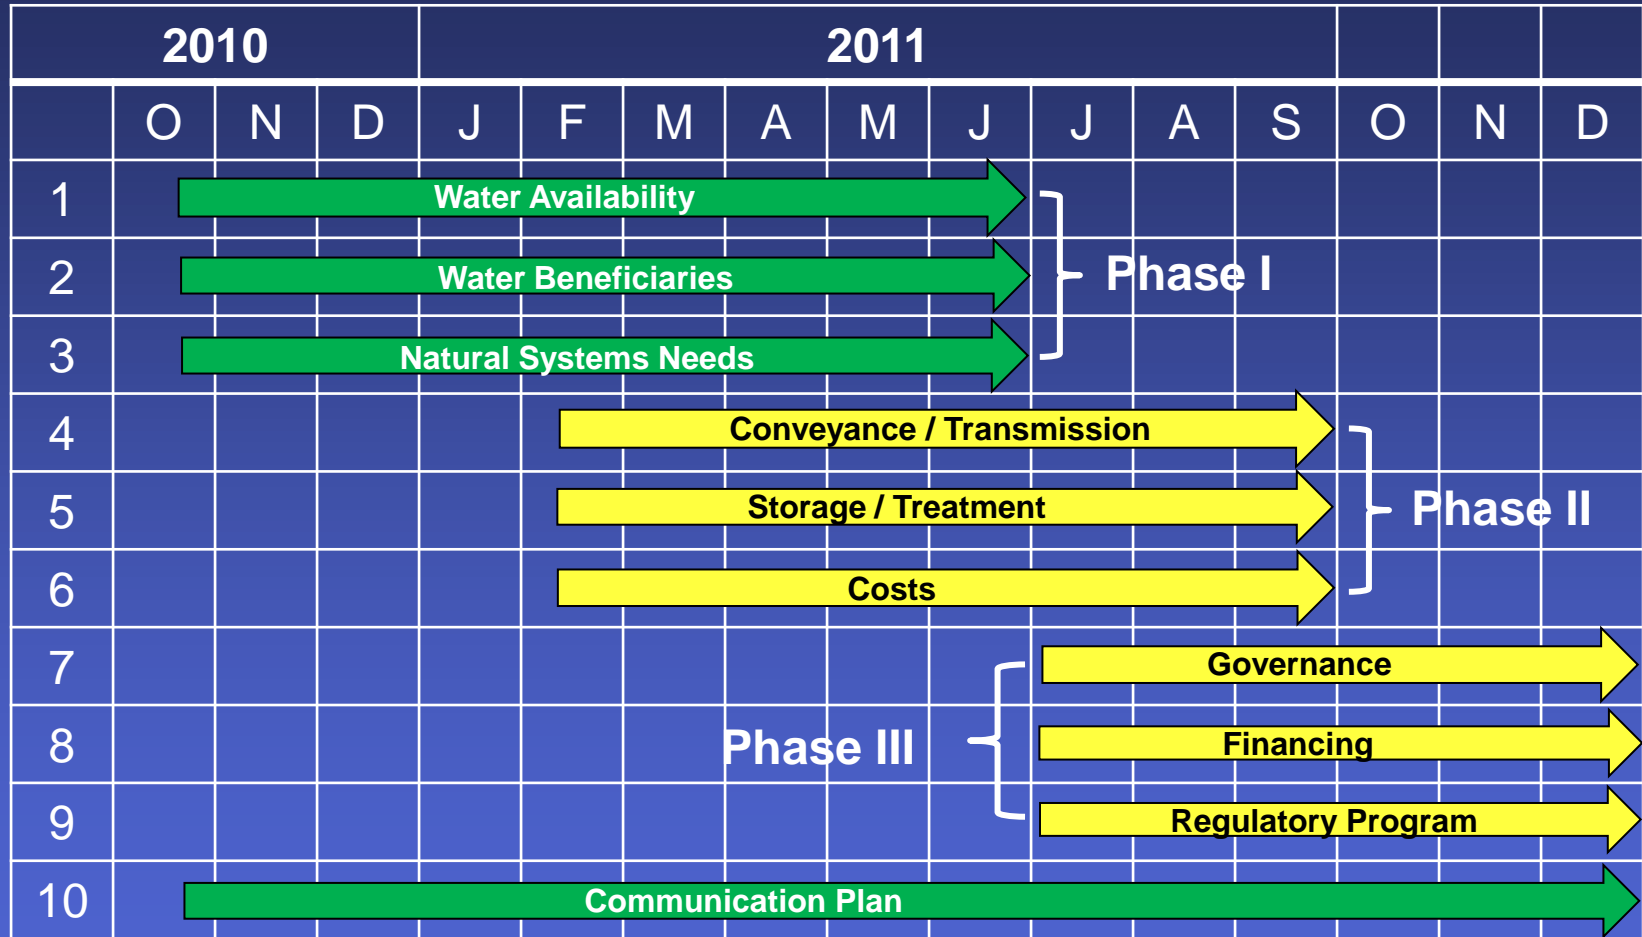

# Initial Utility Sponsors

- Broward County
- Ft. Lauderdale
- Hollywood
- Palm Beach County
- Pompano Beach
- Plantation
- Sunrise

# C-51 Reservoir Partnership Study

# **Memorandum of Understanding**

- **Lays out schedule, activities, and responsible parties**
- **Non-binding**
- **Signatories**
  - **Lake Worth Drainage District**
  - **Palm Beach County Utilities**
  - **Fort Lauderdale Utilities**
  - **SFWMD**
- **Joinder – allows other parties to participate**

# Recommendation

- Authorize entering into a non-binding Memorandum of Understanding with Lake Worth Drainage District, Palm Beach County and the City of Fort Lauderdale to jointly pursue the C-51 Reservoir Partnership Study, providing an effective date.
